

MOST MEMELY COMICS EVER

BICOIN STORIES

EPISODE #1

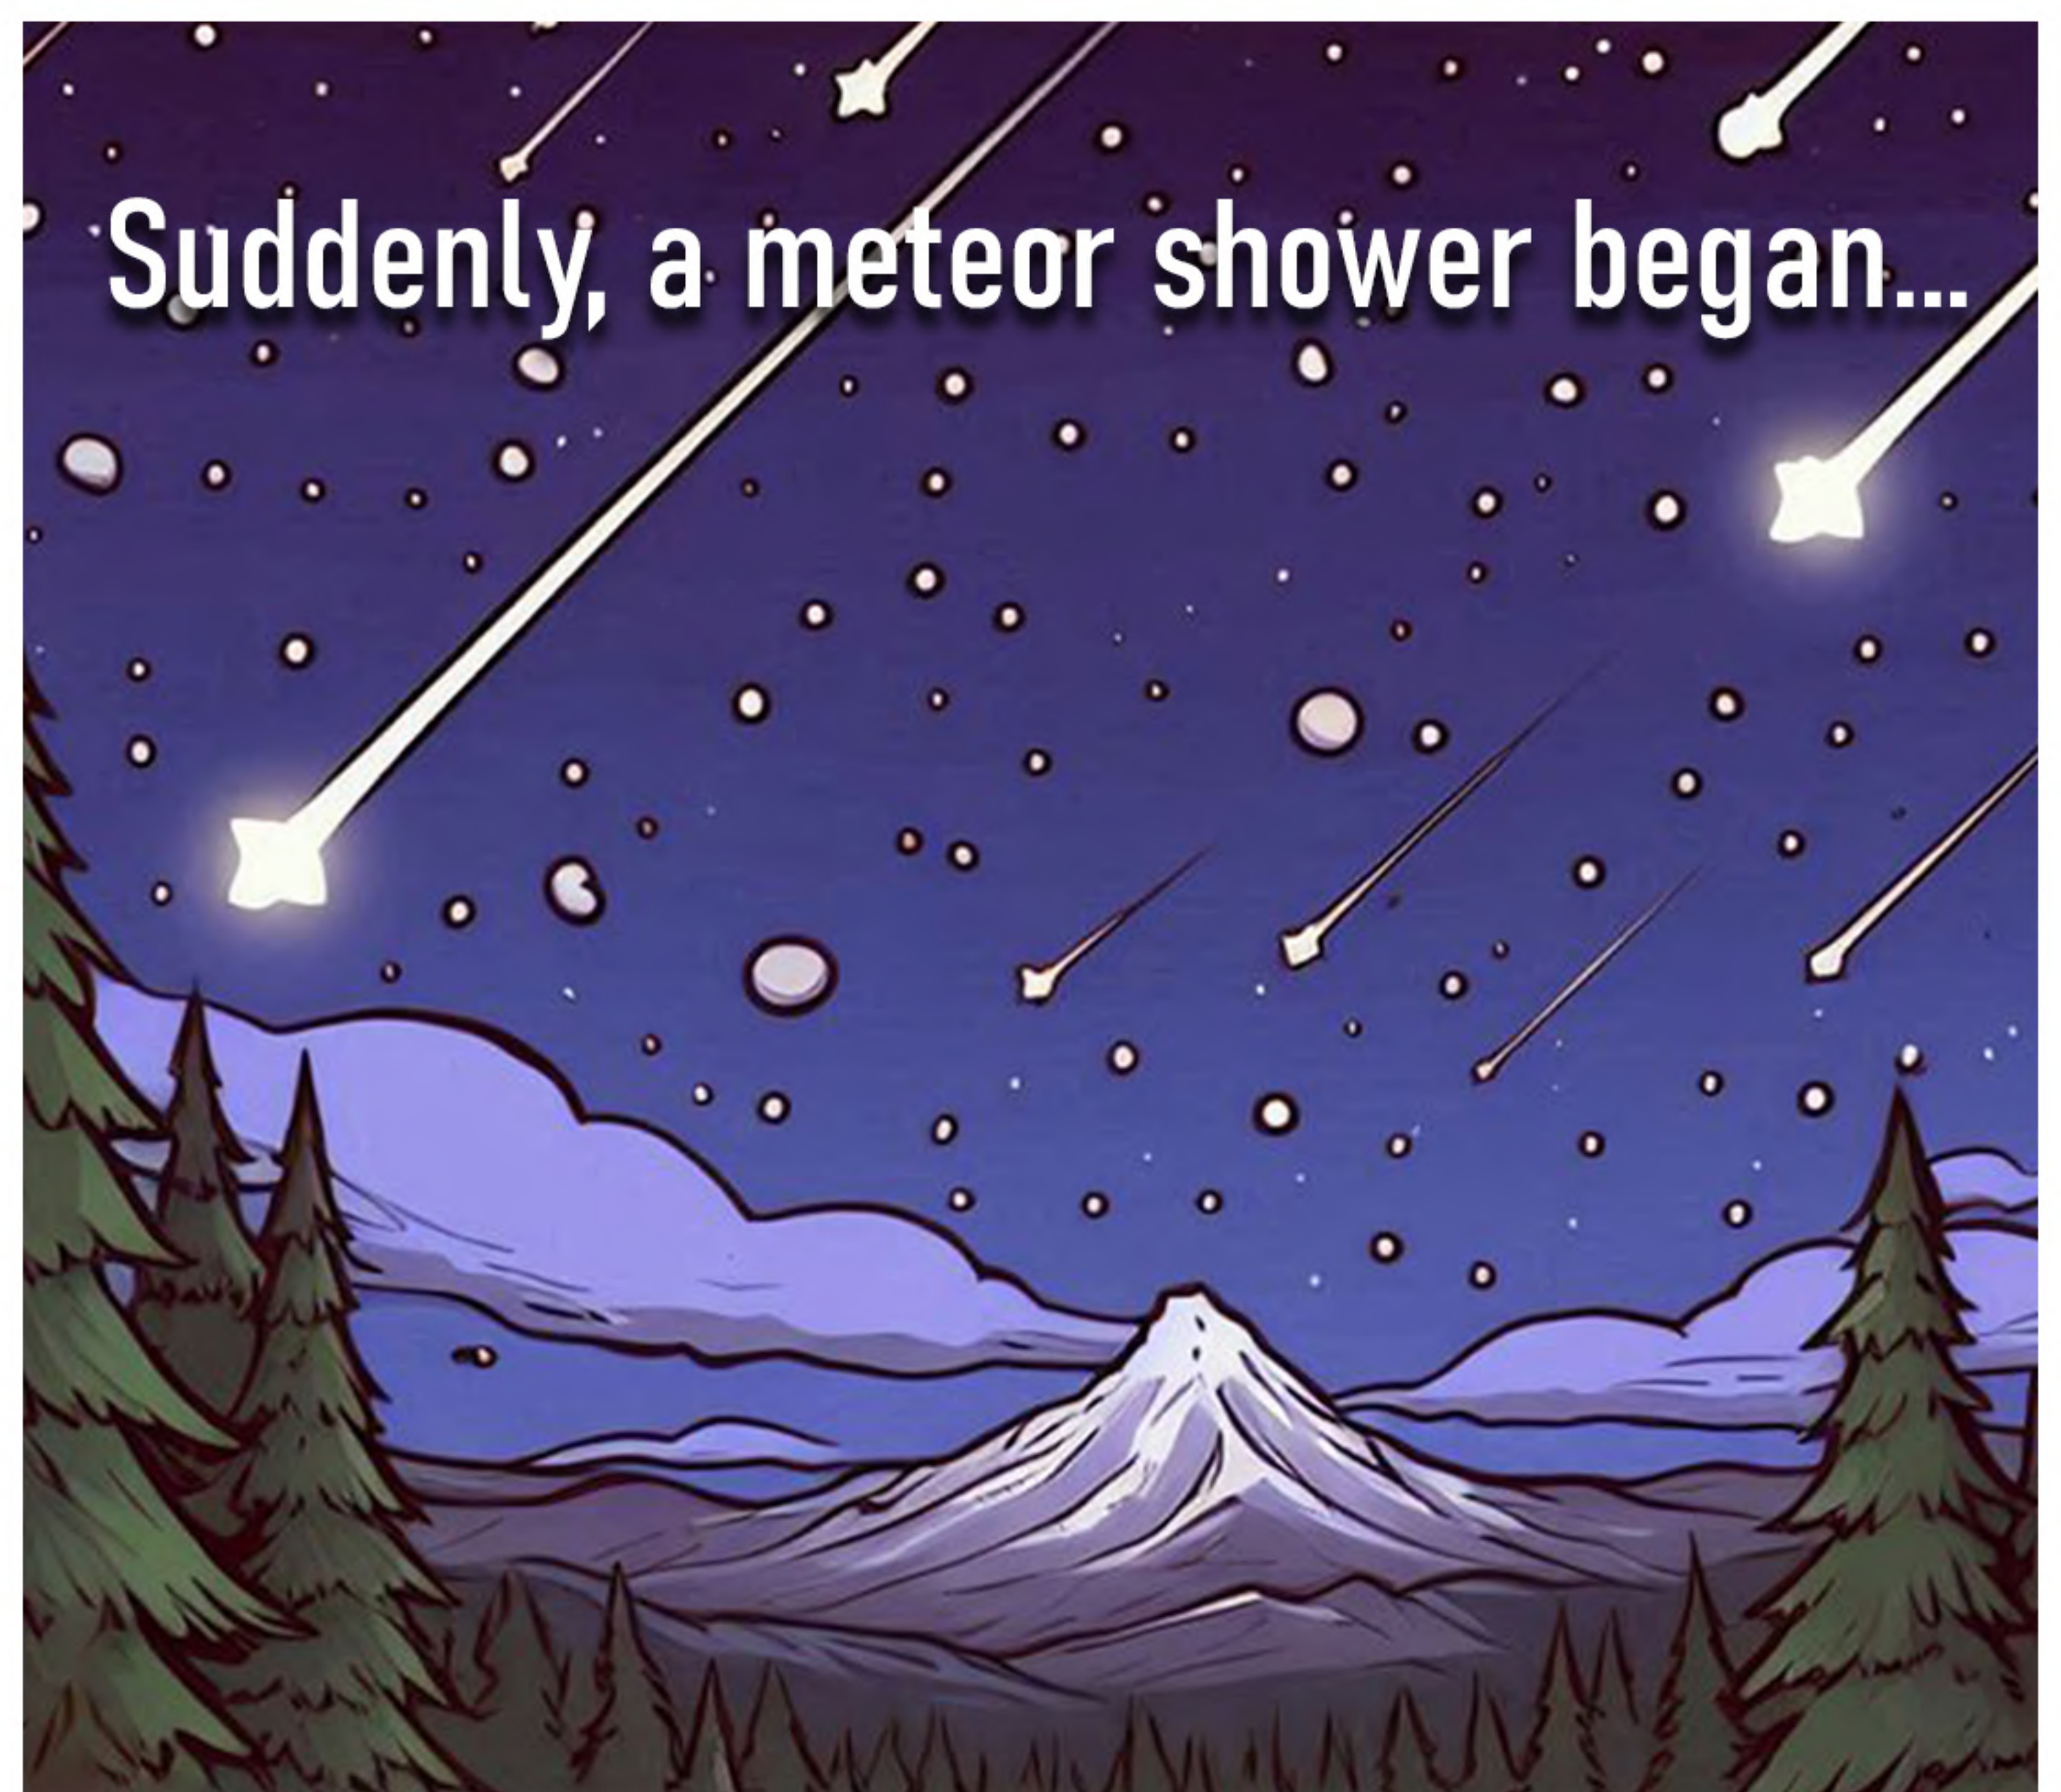

Once upon a time...
When even mammoth shit
was still young...
There lived a bull...

The bull loved to chill and
often sat by the fire at night,
gazing at the night sky...

Suddenly, a meteor shower began...

- A falling star!
There might be something
interesting there...

At the first light of dawn,
the bull set off on a quest
to find the fallen star...

Before long, his search paid off!
At the crash site, the bull found
a mysterious stone,
shimmering in the sunlight...

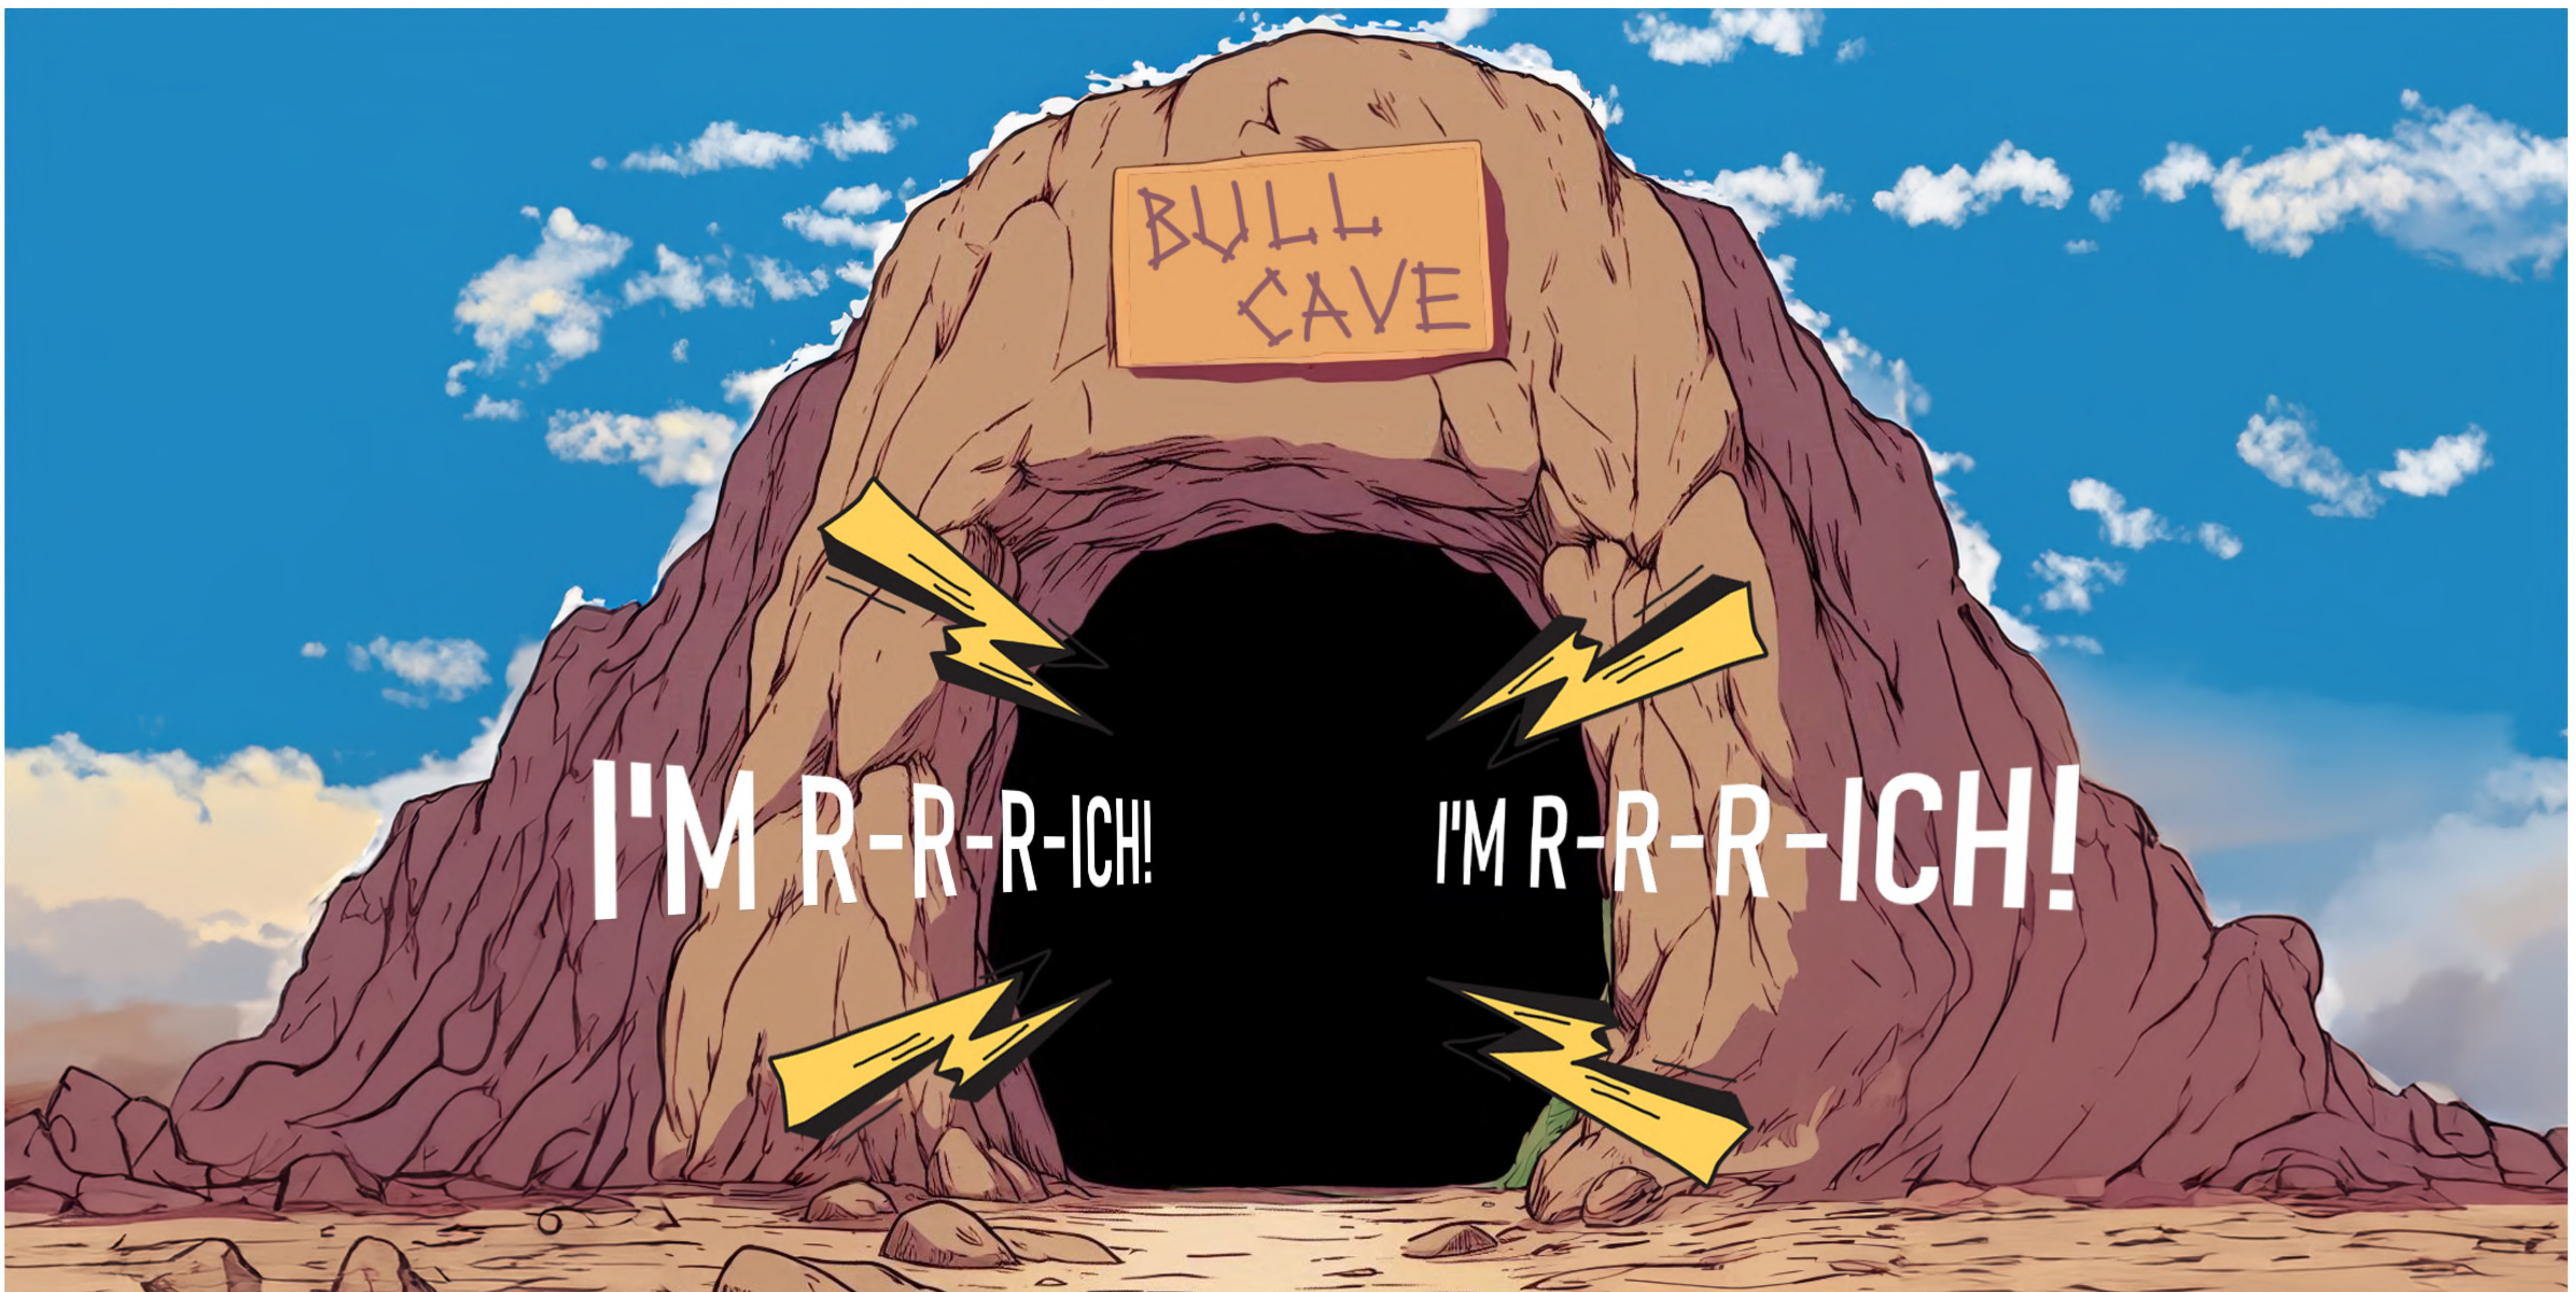

Grabbing the stone,
he dashed home...

Back in his cave, the bull made sure
no one was watching and got to work...

- Wow!
What kind of coin is this?!
Gotta Google it!

His friend Pepe owned the local car dealership...

I got you!
